

Magna Tiles 100 Piece Set Clear

Magna Tiles 100 piece set is a magnetic toy made for toddlers and kids ages 3 and up, but can be enjoyed by everyone. It's made up of vibrantly colored clear plastic shapes that stick together with magnetic strips. The flat plastic squares, triangles, and rectangles are great for parents who want their child to get a head start on social, emotional, and cognitive abilities. They are easy for toddlers and small children to hold and pick up, boosting fine motor skills. You can use the color tiles to build three dimensional structures as they grow. Magna Tiles go the distance and you'll find that your child won't phase out of this toy easily.

Invest in your child's curiosity and early brain development, start exposing shape, size, and color recognition early. Magna Tiles 100 piece set comes with 50 small squares, 4 large squares, 20 equilateral triangles, 11 right triangles, and 15 isosceles triangles. They are thin, lay flat, and are perfect for floor play. They can also easily collapse down, making cleanup easy and gets rid of that pain of stepping on small hard blocks in the middle of the night. Magna Tiles are flat and can be carried in a tote bag, diaper bag, or purse wherever you go. Take them on car trips, vacations, or keep them stashed in your stroller to keep baby busy during a visit to the mall or store. If they get dirty they can be cleaned up easily with a wipe or water and a towel.

You can rest assured that your child is safely playing and learning at the same time. The tiles are small enough to hold but not too small that they present a choking hazard. Educators and child specialists love Magna Tiles because they are great for social play and can double as a learning tool. These imaginative color tiles can be used with other toys and dolls and can expand your child's exposure to role play and social time. Is your child already relying on the use of a tablet, cell phone, or computer to get entertainment? If you need an alternative activity that won't rot their brain, Magna Tiles is for you. It doesn't even need an app, battery, or cord! This puzzle is both wireless and non-addictive.

This is an invitation to create and build the next great 3-D structure with your child. Teach them how to think outside the box, expose them to colors and shapes early, and create memories that will benefit them for a lifetime.
